Cig Harvey's new show, *You An Orchestra You A Bomb*, is vibrant and bold work; possibly her most beautiful to date. It explores the photographer's relationship with life itself. It is about paying attention to and appreciating the fragile present. Cig has always experienced the world viscerally, but after having gone through a traumatic event, a raw heightened awareness of the temporary nature of life permeates through this new work. Through breathless moments of beauty, her images compel us to fathom the sacred in the split seconds of every day. Cig's photographs are interwoven with her intimate poetry in this hauntingly magnificent work.

Cig's photographs have been exhibited widely and are in the permanent collections of major museums, including the Museum of Fine Arts, Houston, and the International Museum of Photography, George Eastman House, Rochester, NY. She has been a nominee for the John Gutmann fellowship and the Santa Fe Prize, and a finalist for the BMW Prize at Paris Photo and for the Prix Virginia, an international photography prize for women. Cig's devotion to visual storytelling has led to innovative international campaigns and features with New York Magazine, Harper's Bazaar Japan, Kate Spade, and Bloomingdales.

All prints are signed and prices include VAT. Frames, fitted with a mount and museum glass, may be purchased at an extra cost of €150 each for the small size prints, and € 250.
